

Interwrite™ Maestro User's Guide

Basic Operating Instructions

- 1 Enable your Maestro by starting up Interwrite PRS and selecting the **RF, Enable Master Clicker** menu option. Click on the *Enable Master Clicker* checkbox and enter the Radio ID found on the back of your Maestro in the **Master Clicker ID** text box.
- 2  Turn on Maestro.
 The green Connect LED will blink fast, indicating the Maestro is ready to join the Class.
- 3 Connect to the Class by pressing the two-character code displayed by the Interwrite PRS software.
The  LED will blink slowly as long as the Maestro is connected to the Class.
- 4 Press a Maestro Command button (see chart below).
 LED will be green if command was received.
 LED will be red if command was not received.
- 5 Hold down the  button until the  LED goes off.

Maestro Button Commands

	Start a new Session	This applies only to a PRS Lesson Session.
	Start Question Timer Pause Question Timer Resume Question Timer	This applies only to PRS Lesson Sessions.
	F5 Function Key	This is the Function Key used to start a PowerPoint Slide Show.
	End Session End Question	This is the equivalent of clicking on the <i>End Session</i> button to end a PRS Session, or the <i>End Question</i> button to end a PRS PowerPoint Question Slide.
	Stop Question Timer	
	Issue the ESCape command	
	Go back to the Previous Question	This can be used only during a PRS Lesson Session.
	Advance to the Next Question	This can be used only during a PRS Lesson Session.
	Page Up	This is used during a PowerPoint Session to go to the previous slide.
	Page Down	This is used during a PowerPoint Session to go to the next slide.
	Issue the Tab command	
	Issue the Enter command	This command is used to process the OK and default buttons on dialogs.

Limited Warranty for Interwrite Maestro

Interwrite Learning warrants this product to be free from defects in material and workmanship under the following terms.

Coverage

Parts and labor are warranted for one (1) year from the date of the first consumer purchase of the Interwrite Maestro.

Technical Support

Web-based Technical Support is available free of charge at: www.interwritelearning.com/support, for technical support, Flash tutorials, troubleshooting, Technical Bulletins, and FAQs.

Declaration of Conformity

The "CE" mark on this device indicates compliance under the EMC 89//336/EEC Directive. Declaration of conformity according to ISO/IEC Guide 22 and EN 45014

Manufacturer's Name:	GTCO Corp. (dba Interwrite Learning)	conforms to the following product specifications:
Manufacturer's Address:	7125 Riverwood Drive Columbia, MD 21046 U.S.A.	EMC: EMC Directive 89/336/EEC and amendment 92/31/EEC Emissions Testing EN 55022:2003 Class B EN 55024:2003 and Low Voltage Directive 73/23/EEC

declares, that the product

Product Name: Interwrite Maestro

Model Number: R2

Dana Doubrava, Engineering Mgr,
Scottsdale, Arizona, U.S.A., 6.1.2007

European Union Emission Directive

This product is in conformity with the protection requirements of EU Council Directive 89/366/ECC on the approximation of the laws of the Member States relating to electromagnetic compatibility. This product has been tested and found to comply with the limits for Class B Information Technology Equipment according to CISPR 22/ European Standard EN55022. The limits for Class B equipment were derived for typical industrial environments to provide reasonable protection against interference with licensed communication devices.

Canada

Industry Canada Class B emission compliance statement. This Class B digital apparatus complies with Canadian ICES-003.

Avis de conformité à la réglementation d'Industrie Canada. Cet appareil numérique de classe B est conforme à la norme NMB-003 du Canada.

Note: This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee the interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced Radio/TV technician for help.

This device complies with Part 15 of FCC rules and with RSS-210 of Industry Canada. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. The radiated output power is far below the FCC Radio Frequency exposure limits. Nevertheless, this device should be used in such a manner that the potential for human contact during normal operation is minimized. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

DGT Statement: 須加在使用手冊內

根據交通部低功率電波輻射性電機管理辦法 規定:	
第十二條	經型式認證合格之低功率射頻電機, 非經許可, 公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。
第十四條	低功率射頻電機之使用不得影響飛航安全及干擾合法通信; 經發現有干擾現象時, 應立即停用, 並改善至無干擾時方得繼續使用。 前項合法通信, 指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。
